Product Description

Tohatsu 30 HP MFS30DWEFTL Outboard Motor

The Tohatsu 30 HP EFI outboard motor, Model MFS30DWEFTL, with the 20 inch short shaft, electric start, power trim & tilt, and tiller steering, is both affordable and perfect for larger sized aluminum boats, jon boats, skiff or larger inflatable boats.

Boasting the honor of the lightest weight outboard in its class, Tohatsu's new MFS 30hp Electronic Fuel Injection (EFI) outboard is a great choice for your boat. The new 30D is the lightest 3 cylinder in its class and is engineered to fit a variety of boating applications. Lighter in weight than the previous Tohatsu 30hp four stroke, this model delivers a higher level of performance.

- Versatile and lightest 3 cylinder 30 hp
- All new sleek design
- Best in class power-to-weight ratio provides excellent performance for all styles of boats from light weight to heavy weight
- Advanced cross-flow induction for smooth operation
- Ultra Low emission, EPA and CARB approved

With a redesigned tiller handle that includes a stop switch, a four-step variable idle control button from 750 to 1050 RPM and many more optional features, the Tohatsu 30HP MFS30DWEFTL puts power and versatility right at your fingertips.
