Product Description

Tohatsu MFS6DDS-W Portable Outboard Motor

The 6 hp 4-stroke outboard provides all the power you need for motoring in a small craft. This engine provides fuel efficiency second to none, and a redesigned carrying handle and holding grip makes it convenient to transport! With all of this available at a competitive price, it is no wonder this powerful 6hp outboard receives so much attention and praise!

This portable best-seller has been upgraded with newly designed top and bottom cowls based on Tohatsu Design Philosophy for Marine Products with ergonomically designed front and back carrying handles. In addition, you can now store your engine in 3 different positions without worrying about oil spillage.

Sail Pro Model! Designed specifically for sail boaters. This powerful sailboat engine, available in a "long" and an "ultra-long" shaft, has a high thrust sail drive propeller to give you the power you need. It also includes a 12V, 60W, 5A charging system for charging your battery or powering external electrical devices and its own charging cable. Sailing just got better with Tohatsu's 6hp "Sail Pro" sailboat motor!
