Product Description

Displacement

Bore x Stroke

4 Stroke 1 Cylinder

6 ps (4.4 kw)

123 cc (7.5 cu.in.)

59 x 45 mm (2.32 x 1.77 in)

Tohatsu MFS6DDS-W Portable Outboard Motor

Starting Control Type

Manual
Tiller Handle

Gear Shift

Forward Neutral Reverse

Gear Ratio

2.13:1

Propeller Selection Range

6" - 9"

Transom Height

15" - 20" or 25"

Fuel

Unleaded Gasoline (87 Octane)

Oil Type

NMMA Certified FC-W 4-stroke oil** SAE 10W-30/40

Oil Capacity

(SF, SG, SH, SJ)
450 mL (15 fl. oz.)

The 6 hp 4-stroke outboard provides all the power you need for motoring in a small craft. This engine provides fuel efficiency second to none, and a redesigned carrying handle and holding grip makes it convenient to transport! With all of this available at a competitive price, it is no wonder this powerful 6hp outboard receives so much attention and praise! This portable best-seller has been upgraded with newly designed top and bottom cowls based on Tohatsu Design Philosophy for Marine Products ergonomically designed front and back carrying handles. In addition, you can now store your engine in 3 different positions without worrying about oil spillage (Sail Pro Model! Designed specifically for sail boaters. This powerful sailboat engine, available in a "long" and an "ultra-long" shaft, has a high torque drive propeller to give you the power you need. It also includes a 12V, 60W, 5A charging system for charging your battery or powering external electrical devices and its own charging cable. Sailing just got better with Tohatsu's 6hp Sail Pro sailboat motor!

Tohatsu 6 hp 4-Stroke Benefits

Fuel Tank

- Newly designed top and bottom cowls based on Tohatsu Design Philosophy for Marine Products
- 3-way storage positions without worrying about oil spill
- Light and compact!
- Front mounted shift lever, an industry first in its class!

Weight*

25 kg (55 lbs.)

Alternator Output

Optional 12V, 60W, 5A

Max. RPM Range

3,000 - 6,000

Digital CD Ignition System

Standard

Start In Gear Protection

Standard

Easy Operation and Handling

Thermostat Controlled Cooling System Standard

Through-The-Prop Exhaust Standard

- Newly designed Tohatsu's unique front and back carrying handles for easier transportation

Oil Pressure Warning Standard

- Digital CD ignition for easier engine starting, quicker throttle response and smoother trolling

Shallow Water Drive Standard

- Recoil starter with larger reel making manual starting fast and easy

- Shallow water drive
- 6 trim positions
- Adjustable steering friction for reducing steering effort
- New longer tiller handle (110mm extension)

Fundamentals for User Convenience and Reliability

- Through-the-prop exhaust for a quieter ride
- Thermostatically controlled cooling system for consistent engine temperature
- Stainless steel water pump housing liner for outstanding durability
- High grade marine aluminum alloy that provides the ultimate protection against corrosion
